Professional Issues

As the link between state and student, school employees are professionals who must help shape their profession. Please rank your priorities in order from highest (1) to lowest (4).

- Defend basic due process and extend due process to all education employees, pre-K-16.
- Prohibit retaliation for exercising state-granted rights.
- Protect ability of school boards to consult with an elected employee representative on wages, benefits and working conditions.
- Let school boards bargain with an elected employee representative on local contracts—as police and firefighters in Texas can.
