

What do you think?

Reinvest in public education

We need to invest and guarantee the funds required to provide academic excellence for every student. Please rank your priorities in order from highest (1) to lowest (8).

- Strengthen schools by strengthening employees: Improve pay, health care and pensions.
- Block vouchers and equivalent drains on public school funding.
- Reject nonsensical, top-down “pay for performance” schemes and reward school personnel for achievement fairly based on higher skills attainment (e.g., National Board Certification) or taking on extra tasks (e.g., mentoring).
- Improve our chances of succeeding: Ensure universal access to pre-K and kindergarten.
- Fund and support high standards for disciplinary alternative education.
- Establish funding to support appropriate staffing to serve all students assigned to the regular classroom.
- Establish funding to enforce and extend class-size limits to all grades.
- Establish funding to support teacher quality.
